Assistant Principal’s Message

Using the IB PYP Learner Profile At Home: Being A Good Communicator

The IB learner profile is the IB mission statement translated into a set of learning outcomes for the 21st century.

The learner profile provides a long-term vision of education. It is a set of ideals that can inspire, motivate and focus the work of schools and teachers, uniting them in a common purpose. The learner profile is seen as significant part of the development and education of the whole student.

We would like to share with you, practical ways you can develop the attributes of the PYP Learner Profile at home. At Kingsville PS (and in fact at any PYP school!), a truly internationally minded student is one who is developing and living out the attributes of the learner profile in all life situations.

At Kingsville the learner profile attributes are referenced in a variety of situations. They are explicitly taught and incorporated into Essential Agreements, during the exploration of a transdisciplinary theme or as common language with and between students and teachers. The communication attribute of a Kingsville learner is key component within all these situations.

Students who are communicators are able to think and communicate in more than one language (this can include using mathematical language and symbols). They can express their ideas by speaking, drawing and writing.

At school, we explicitly teach students examples of attitudes, which promote being a good communicator:

General Guidelines for Parents when making any Payments to the school:

End of Terms 1, 2 & 3 All payments need to be made prior to 10:00am on the last day of term.
End of Term 4 All payments must be made 2 days prior to the end of term.
Cash Payments Correct money is requested, as change cannot always be provided.

respect, confidence, creativity, cooperation and responsibility. We also challenge the students by asking what a poor example of each of these attitudes may look like and how a person might feel as a result.

How can parents help to develop students who are *Communicators* at home?

- encourage your child to stay in touch with relatives and friends who live in other cities and countries by writing letters, using the phone or sending email
- work with your child to improve his/her listening skills. Being a good listener is an important part of communicating with others
- modelling good communication yourself i.e. listening and responding to your children
- helping your children take responsibility in responding to notes, letters, emails etc. in a timely manner.

With parents and teachers working together to promote the attributes of the PYP Learner Profile, our students will see clear, consistent connections of what it means to be a citizen in today's world.

Disabled Parking Spot

There is a **disabled parking spot** outside Merriwa Kindergarten and this space should always be kept free for those who require it and have an entitlement to park there.

Recently there have been complaints that “KPS parents” without any disabled stickers have been using this space. Last week a parent of a disabled preschool child was unable to park there.

So just a reminder to all regarding this spot.
