Principal's Message

A great Friday night at Kingsville

Hollywood came to Kingsville last Friday night in the form of a very successful **movie night**.

What an amazing sight it was with families set up on bean bags, cushions and chairs taking up every square 'inch' of the floor space. The smell of popcorn and hot dogs soon filtered in, the cartoons began and finally, it was time for lights down and BIG HERO to appear. The showing was well received and I believe only a small number of parents fell asleep and no snoring was detected.

Thank you to everyone involved in the team effort that made this event possible

- our fundraising subcommittee
- our movie night key team members - Amanda Millington, Alison Webster and Meredith Jaffray
- the many other parent volunteers on the night who sold raffle tickets, popcorn, drinks, hot dogs and pizza

You kept the large crowd 'fed and watered' right up until movie time. Parents who set up everything needed for the night plus, the army of volunteers, friends and children who cleaned up and packed away the furniture – you achieved this quickly and with no fuss well done.

Now the reviews are in and the night was certainly deserving of 5 stars.

General Guidelines for Parents when making any Payments to the school:

End of Terms 1, 2 & 3 All payments need to be made prior to 10:00am on the last day of term.

End of Term 4 All payments must be made 2 days prior to the end of term.

Cash Payments Correct money is requested, as change cannot always be provided.

Grounds Working Bees – Semester 2

Term 3

Saturday August 1st years 3-6 focus
Sunday September 6th years prep – 2 focus

Term 4

Sunday November 22nd years 3-6 focus

This will ensure we have had four working bees for the year – two with a P-2 focus and two for 3-6 level.

Remember however parents from any level of the school are welcome to attend and participate.

Please mark these dates down on your planners now. There will be ongoing reminders in the newsletter and on the website.

RESPONSES REQUIRED

Planning for working bees is required, we need to ensure that

- Occupational Health and Safety Induction arrangements are in place
- the priority work is planned and the tools and materials are ready
- the morning tea and sausage sizzle items have been bought
- the bbq and gas is ready to go
- an induction officer (staff member) and working bee manager are able to attend

Therefore we do need parents to respond in advance i.e. by the Thursday prior to each working bee at the latest.

WAYS PARENTS CAN RESPOND

- print off and send back a hard copy response slip that will be with newsletters and return via class teachers or the main office
OR
- email a response to the school
kingsville.ps@edumail.vic.gov.au

So the new date for the years 3-6 Working Bee is Saturday August 1st, 9a.m. – 12p.m. with response slips to be returned by **Thursday 30th July**. The parent manager for this working bee will be Dale Schumann.

Winter health - beating the bugs

The Department of Education and Training has put out a fact sheet, information and some promotional material regarding the spread of flu.

- in Australia, our influenza 'flu' season typically runs from May to October, usually peaking in August
- at various times throughout the year including flu season, it is important to remind our staff and students of the importance of good hygiene at school and at home
- staff and students are encouraged to:
 - cover their mouth and nose with a tissue when coughing or sneezing
 - throw used tissues in plastic-lined rubbish bins
 - wash their hands with soap and water, preferably with warm water if available
 - reduce the spread of germs by avoiding touching their eyes, nose or mouth

See the first Germ Stopper poster in this newsletter.

The mid year student report

Student Reports

Government schools are currently required to provide report cards to parents twice a year. Interviews or conferences are also expected and at Kingsville we provide Student Led Conferences.

A great deal of time and effort is involved in the ongoing student assessment and completion of twice yearly student reports. As Principal, I congratulate staff for their commitment to this vital component of their work. I am confident the reports will provide parents with clear information about their child/children's achievement and areas for future growth and development.

When reading and reflecting on the reports please remember the report card is written to give parents information about their child's progress judged against the AusVELS expected standards. Teachers make informed, on-balance judgements against the achievement standards and the student reports will reflect student achievement at this point in time.

The report has a number of components and each should be read reflecting upon and referencing the other components

- a graphical representation that shows achievement against the expected AusVELS during the reporting period
- a five-point A-E scale indicating achievement against the expected standard at the time of reporting

- **A** - well above the standard expected at this time of year
- **B** - above the standard expected at this time of year
- **C** - at the standard expected at this time of year
- **D** - below the standard expected at this time of year
- **E** - well below the standard expected at this time of year

Information on what the student has achieved -
this section of the report focuses on each student's progress on the basis of assessment evidence gathered by the teacher over a semester

Suggestions for areas of improvement the student should work on next -
this section of the report focuses on future learning to be addressed in the following reporting period

Information on how the school will help the student to improve -
this section of the report makes recommendations for actions to be taken by the school to help future learning

Suggestions on how parents can help the student to improve -
this section of the report suggests specific ways in which parents can support the student, taking into account the areas noted for improvement or future learning

The report for your child is written by the classroom teacher and specialists. It also contains a piece of student self-evaluation.

Underpinning this important document are a range of tasks completed by teachers to ensure the student reports are relevant, meaningful and truly reflect the individual progress of each child. These tasks include the all important grade, level and team moderation where teachers reflect upon student work samples, anecdotal records and the results of a range of assessment tasks. This is a vital step to ensure valid assessment which is accurate, appropriate and fair. Teachers assess students using the required set of progression points, and standards in line with this process of collaborative moderation. Finally after much reflection and hours of application, bringing all the information on each child together – the personal report is produced.

Well done Kingsville educators
Well done Kingsville students

Parents please celebrate with your child/children and congratulate them on the efforts they have made.

COVER MOUTH AND NOSE

CLEAN HANDS

Cover it. Bin it. Kill it.

Be a germ stopper at school and at home

- Cover your mouth and nose with a tissue when you cough or sneeze
- Throw used tissues in a plastic-lined rubbish bin
- Wash your hands with soap and warm water or use an alcohol-based hand cleaner
- Avoid touching your eyes, nose or mouth as germs spread that way
