Principal's Message

Student Led Conferences

Student Led Conferences are a highlight of early Term 3 and congratulations to Kingsville students and families who this week, have taken part in **Student Led Conferences**. There is always such a sense of excitement and achievement throughout the school as students share their learning with family members.

This **conference** experience is an important milestone each year as students move through their seven years of primary school. We believe that these **conferences** have distinct benefits for both parents and students and I hope they have been enlightening, enjoyable, rewarding and even humorous for those parents who were able to attend.

Well done Kingsville learners. **Well done** parents and family members supporting the students. **Well done** Kingsville teachers and support staff for guiding the children through this process.

Reminder Department of Education and Training Parent Opinion Survey

Parents who have received a survey in the mail please don't put it aside complete it now (if you haven't already done so) and either mail it back or drop it in at the main office. If you have sent it back via your child in the school bag just do a check and make sure it has been taken out.

It is vital that we gain 90%, if not more of these back, so far only 18 out of 73 have been returned. Please note surveys are not opened at school, they are sent off to a company contracted by the Department of Education and we gain results back later in the year. To have your opinion count your survey needs to be back by next Monday August 3rd.

General Guidelines for Parents when making any Payments to the school:

End of Terms 1, 2 & 3 All payments need to be made prior to 10:00am on the last day of term.

End of Term 4 All payments must be made 2 days prior to the end of term.

Cash Payments Correct money is requested, as change cannot always be provided.

Walking to school

Walking to school can improve children's health and wellbeing. The Australian Department of Health and Ageing recommends children do at least 60 minutes of moderate to vigorous physical activity every day. Children who walk, cycle or scoot to and from school have higher levels of physical activity and improved cardiovascular fitness than children who don't.

Younger children are encouraged to walk with their parents, and older children on their own when parents decide it's safe. See if there are other neighbourhood children your child can walk with. There is safety in numbers. Common parent concerns about letting their children walk to school alone – such as perceptions of stranger danger, traffic concerns and neighbourhood crime – fade away when parents walk with their children from a young age, teach them about walking safely, and gain confidence in their children's safety sense.

School Athletics

What a great community event!

Firstly a huge thank you to all the children for their exemplary behaviour, willingness to give everything a try and for a great attitude all day. Also to the staff and parents who supported the event, before, during and after the day. Events like these do not just happen, and certainly can't be run without a lot of help from a lot of people.

Logistically, getting over 330 children to the event and then to compete in up to 11 events each, all within a time frame can be tricky, but we did it!

Using the times and performances from the Athletics Day at Newport Park, students have been selected to represent Kingsville Primary School at the Yarraville District School Sports Victoria (YDSSV) Athletics Day.

While students participated in all events at the school athletics, there is a limit on the number of events that each student can participate in at the District and Regional level.

To reduce the number of students in each group, the boys and girls in the 8/9/10 year old age division were each placed into two or three separate groups. At the conclusion of the sports day the distances and performances achieved by students in each of these groups were combined to select the 8/9/10 year old Kingsville PS representatives for the Yarraville Districts Sports.

The names of all students who qualified to represent Kingsville Primary School at the YDSSV Athletics Day will be placed on the sports noticeboard.

The Yarraville District School Sports Victoria (YDSSV) Athletics Day will be held at Newport Park on Friday 14th August.

Congratulations

A huge congratulations to Bella Stringfellow who came 4th *in the state* for Cross Country at the SSV Cross Country Championships held on the 16th July. Bella will now compete as part of the State team at the Australian Championships which will be held at the end of August.

Well done also to the grade 5/6 netball, soccer, tee ball and hockey teams who have won through to the WRM finals to be held over various days next week.
