## Acting Principal's Message

### Planning For 2015

#### **School Organisation/Provision**

Planning for 2015 is well underway and the Leadership team in consultation with staff will soon be looking at models for school organisation in 2015. This task is always challenging and complex and must take into account a range of factors including numbers of students and staffing requirements and of course financial resources. It is important that schools do not go into deficit and so “balancing the books” is critical.

### Students Placement For 2015

#### **The rationale in Kingsville's Student Placement Policy states:**

“As students at Kingsville progress from prep to year 6 it is expected they will learn to work and relate to a range of teachers and students. A cohesive learning group that includes a range of abilities and interests is the key factor in placing students in class groups each year.”

Our purpose remains clear and we endeavour to ensure students are placed in class groups that maximise learning potential and engagement. Current class teachers and specialists work together to recommend placements taking into account achievement levels, individual learning and behavioural challenges as well as students who work well together.

Please note that class groups are not allocated teachers until class groups are formed, in other words it is the dynamic of each group that is the focus rather than the teacher. Classes will all be ready for our “Step Up Program” in December. This will provide students an opportunity to meet both their new class mates and their teacher for 2015. Of course this is dependent on all our positions being filled.

### **General Guidelines for Parents when making any Payments to the school:**

**End of Terms 1, 2 & 3** All payments need to be made prior to 10:00am on the last day of term.

**End of Term 4** All payments must be made 2 days prior to the end of term.

**Cash Payments** Correct money is requested, as change cannot always be provided.
