

ResourceSmart Schools Awards

On September 8, Kingsville students *Iliya* and *Oenone* and teacher *Emily* attended the 2014 ResourceSmart Schools Awards. The awards recognize schools that have implemented outstanding initiatives around sustainability and the environment. *Iliya* was asked to share his musical skills by playing the drumroll for each award – 14 in total! The students were even lucky enough to meet ABC3 star *Kayne Tremills*! In the future Kingsville would like to extend its involvement in the ceremony to hopefully being among the award recipients.
